Transcriber's Office  
FLOOR DEBATE

February 5, 2002 LB 22A, 22

Actually she's worked on this for a long time. Many times we thought we had everything just about there and then we found out that some of the individuals didn't think it was quite right. But she's been very diligent, worked through the interim on this, and I think we finally have something that...a little narrower, but still it's something that I think is very worthwhile and acceptable. Thank you, Mr. President.

SPEAKER KRISTENSEN: Senator Suttle, you're now recognized to close.

SENATOR SUTTLE: Thank you, Mr. President. Just want to thank all the parties that worked together on this: the deaf community; the commission; the Department of Education, special education section, and especially my staff, who worked...he...he's the one that really, really worked hard on it, and I appreciate the hard work that he did. Thank you, Mr. President. I urge you to advance the bill.

SPEAKER KRISTENSEN: You've heard the closing. The question before the body is the advancement of LB 22. All those in favor vote aye; all those opposed vote nay. Record.

CLERK: 28 ayes, 0 nays, Mr. President, on the motion to advance LB 22.

SPEAKER KRISTENSEN: The bill advances. We next move to LB 22A.

CLERK: LB 22A, Mr. President, by Senator Suttle. (Read title.)

SPEAKER KRISTENSEN: Senator Suttle.

SENATOR SUTTLE: Thank you, Mr. President. I don't believe that we will need this but, as we have done in the past, I'd appreciate it if you would advance it to Select File and we will check further into whether we need it. I don't believe we do. But would appreciate it if you'd put it on Select File and we'll then go from there. Thank you, Mr. Speaker.
